

OoMaLoo

Made by hand for the little ones you love...

Our OoMaLoo funky fur toys are one of the most durable plush toys in the dog market. If you are not satisfied with your toy purchase we will replace it within 30 days of the original purchase date. Limited to one exchange per household. Valid within the continental United States.

Common Properties of OoMaLoo Toys

♥ **Handmade**

All OoMaLoo dog toys are hand-made and individually tested with care for maximum durability. We strive to create durable yet aesthetically pleasing toys that dogs love as much as their owners do.

♥ **Generates Income For Poor Women**

OoMaLoo dog toys are handmade by women in the poor neighborhoods of the Anatolian Plateau. Needlework is one of the few methods these women have of earning an income to help their families.

♥ **Promotes Dental Health**

OoMaLoo toys are not only perfect for play, they also help promote dental and mouth hygiene by acting like a soft tooth brush!

♥ **Contains Industrial-strength Squeaker**

Each dog toy also contains at least one industrial-strength squeaker, exclusively designed for OoMaLoo. Dogs love not just the furry texture of the toys, but also the responsive squeak that comes with each bite.

♥ **Made Of Non-toxic Materials**

OoMaloo products are handmade made of non-toxic materials. We care about our furry friends' and their loyal owners' health.

♥ **Used Both Indoors And Outdoors**

The 'furry' portions, made of a strong, high-quality, non-shedding polyester yarn, can get wet but never become soggy. Perfect for every season.

♥ **Machine-washable**

Don't worry about a mess, since all of our hand-knit toys are machine-washable. Wash cold and air dry for long lasting toys.

My sister knit a little cat toy from furry yarn for my son's second birthday. While my son was playing with the toy, my 150-pound Anatolian Sheepdog started to steal the toy. We all watched and laughed as our 2-year old boy and gentle giant 'fought' over who would get the toy. That is the moment we decided to do something with that furry yarn for dogs.

My family and I established our pet toys, apparel and accessories business at 2001. We have been hiring women who can use their hand skills to generate income for their families.

OoMaLoo pieces are handmade by women in poor, multi-ethnic neighborhoods of Istanbul. Doing needlework at home is one of the few ways these women have to earn income. With each beautiful item, they share a part of their history, their culture, and their lives. In the age of high technology and machines, we value the skill and knowledge of these women. We are proud to work with them, thus both preserving traditions and creating beautiful products for the modern world.

OoMaLoo

Made by hand for the little ones you love...
